Summer 2019

Sullivan County Alumni Network Building Database

The Sullivan County Alumni Network is compiling a database of contact information for graduates of all former and present high schools located in Sullivan County including Sullivan County High School, Sullivan Highland Area High School, Turnpike Area High School, Loyalsock Joint Area High School, and St. Basil's.

The database currently has close to 120 entries. SCAN is looking forward to working with individual classes to maintain contact information in a centralized database. It will be a huge undertaking to gather and maintain this information for the 57 classes that have graduated so far from SCHS and all the graduates from the 4 high schools in the county prior to 1962. Please assist in this effort by forwarding this link <https://tinyurl.com/yyepyrra> to any graduate.

If you are the "keeper" of addresses for your class reunions, you are encouraged to add your classmates' addresses to the database, where they can be sorted by year of graduation for ease of access.

SCAN Mission

To provide a network for Sullivan County alumni to communicate and socialize with each other as well as connect with Sullivan County schools to benefit current, former and future students of the Sullivan County School District and the county overall.

An initial organizational meeting for the Sullivan County Alumni Network was held on July 8 at D&D Brewworks in Laporte. Discussion included how the network could benefit the schools and reach additional alumni. The group was interested in involving alumni with Homecoming events at SCHS. Homecoming will be on **Saturday, September 21, 2019**. The newly established Hall of Fame at SCHS is to be officially made public at some point; this may be another event that the SCAN can take part in. If you are interested in attending a SCAN meeting and helping to develop the network, please contact Mary Baumunk Blondy at sullivancountyalumnetwork@gmail.com
