S.C.S.D General Board Report   12/5/17

Maintenance

Informational Item:

Seven trees were cut down within the facility courtyards over the holiday because there presented a safety issue of falling limbs and also the trees themselves. O'Conner Tree Service from Mildred cut them and rather than having the wood hauled away I had them cut the wood into 24 inch sections a savings of $400.00.

We will be placing the wood on the District website along with several pictures for anyone interested to bid on the wood .A sealed bid shall be received no later than by 3:00pm December 22nd to the Sullivan County School District Business Manager at 777 South Street, PO Box 240, Laporte Pa. 18626.
